CONTRACT HEALTH SERVICES

Contract Health Services

When eligible patients of the Muscogee Nation Department of Health system require specialty care that is not directly available from one of our clinics or hospitals; referrals can be made to medical facilities and/or physicians outside of MCN Health.

Eligibility

- Citizen of a Federally Recognized Tribe
 - Tribal Citizenship or Certificate of Degree of Indian Blood (CDIB)
- Live within Muscogee Nation Contract Health Services Delivery Area
 - Designated by Indian Health Services and does not include the entire Muscogee Nation jurisdictional area.
- Prior approval for each case of needed medical service or give notice within 72 hours in emergency cases (30 days for elders & disabled)

There are a few narrowly defined exceptions. Ask CHS staff for more specifics about individual eligibility, CHS, or prior notice.

Payment May Be Approved If

- The health care service that you need is medically necessary
 - As indicated by medical documentation provided.
- The service is not available at an accessible Indian Health Service or Tribal facility.
- CHS determines medical priorities case by case.
Unfortunately, CHS funds often are not sufficient to pay for all needed services. When this happens, CHS considers each individual's medical condition to rank cases in relative medical priority. Cases with imminent threats to life, limb, or senses are ranked highest in priority.
- CHS funds available are sufficient to pay for the service to be authorized.

Approval, Billing, Payment

- You must apply for any alternate resources for which you may be eligible
 - Medicare, Medicaid, insurance, etc.
- An authorization is issued to a provider authorizing payment for services.
- CHS staff and the authorized provider coordinate your medical care.
- The authorized provider bills and collects from your alternate resources.
- The authorized provider bills any unpaid balance to CHS for payment.
 - CHS is payer of last resort, it pays only for costs not paid by your alternate resources
- Provider is paid

****Specific services authorized within relative medical priorities may vary from time -to-time in response to changing supply and demand, CHS tries to ensure the most effective use of CHS dollars.***

72 Hours Call-In Emergencies

📞 918-758-3060

Emergencies must be reported by the patient or someone acting on behalf of the patient to the CHS office within 72 hours after the beginning of the treatment or admission to a health care facility. It is extended to 30 days for elderly Native American, 65 years of age or older, and for disabled Native Americans who have a limiting physical condition that prevents them from calling. This includes ambulance rides to Indian Health and Tribal hospitals.
