

Muscogee Nation Holdenville Health Center

The Holdenville Clinic will be a 67,000-square-foot facility on a 40-acre site. Holdenville Health Center is more than just a medical building—it's a central hub for healthcare, prevention, and healthy living. Every element of the design has been planned to ensure easy access to high-quality services while fostering a vibrant, health-focused community.

Under one roof, patients will have access to a broad spectrum of services, including:

- **Primary Care** – Comprehensive care for individuals and families.
- **Dental** – Preventive, restorative, and specialty oral healthcare.
- **Optometry** – Complete vision and eye health services.
- **Audiology** – Hearing assessments, hearing aids, and ear health.
- **Diabetes Management** – Education, monitoring, and treatment for better outcomes.
- **Behavioral Health** – Mental health services, counseling, and emotional support.
- **Lab Services** – On-site diagnostics to expedite care decisions.
- **Physical Therapy** – Restoring mobility and function through rehabilitation.
- **Radiology** – Advanced imaging services for accurate diagnosis.
- **Drive-Thru Pharmacy** – Streamlined prescription services for convenience

The Holdenville Health Center is a promise to our community—a place where every person, from every generation, can find care, support, and healing close to home. It reflects the Muscogee Nation's commitment to serving our people with compassion, respect, and excellence.

By investing in this new facility, we are investing in the health and future of Holdenville and surrounding communities. Together, we're building more than a health center—we're building a healthier, stronger Muscogee Nation.
