

Ultrasound Technician (PRN)

Department of Health

VACANCY ANNOUNCEMENT: VA 00-12

STARTING SALARY: Negotiable

CLOSING DATE: Open Until Filled

Muscogee Nation Department of Health (MCN Health) provides comprehensive health care services to Native Americans living within the Muscogee Nation. MCN Health is an integrated system of six health centers, an Express Care Clinic, three hospitals, a physical rehabilitation center and nine comprehensive community health programs. Offering services across the lifespan including pediatrics, family medicine, nursing, dental, laboratory, radiology, pharmacy, behavioral health, emergency medical, audiology, nutrition, physical therapy, and optometry.

DESCRIPTION OF ASSIGNMENT: The purpose of the position is to aid the Radiologist in performing specific diagnostic ultrasound examinations and echocardiogram examinations, as well as assist fellow technologists, as described in the Radiology Department's Policies and Procedures.

REQUIREMENTS: — Incumbent must have successfully completed a post-high school sonography program. A minimum of one year (1) of relevant work experience preferred. ARRT (preferred), Must become registered in one of the following RDMS, RVT, RDCS and/or RCS, within 1 year from hire date. Must be competent to perform both general diagnostic ultrasound exams as well as diagnostic cardiac echocardiograms. Must possess a Basic Life Support (BLS) Certification.

EVALUATION METHODS: Applicants who meet the requirements described above will be evaluated to determine the extent to which they possess or have the potential to acquire knowledge, skills, abilities, and personal characteristics, (KSAP's) required of this position. Applicants should address the following KSAP's on a separate attachment to their application.

- Knowledge of Ultrasound Physics.
- Knowledge of human anatomy and physiology, cardiac anatomy, and pathology.
- Knowledge of methods, techniques, and quality control required for processing digital images with optimal results.
- Skills in obtaining adequate diagnostic ultrasound results on patients for which normal techniques and methods are not possible, requiring techniques which deviate from normal.
- Ability to perform ultrasound examinations in a variety of conditions, such as emergency trauma and have the ability to manage patient care in trauma/high stress situations.
- Ability to communicate courteously and effectively to patients, other staff, physicians, and the general public.
- Knowledge and skill to establish and modify standard procedures, conduct analysis and evaluation, identify problems and be self-motivated to resolve problems independently.
- Ensures that routine and priority tasks are completed within established departmental time frames.
- Knowledge of common business, medical electronic health record and picture archiving, communication system (PACS) software applications and preliminary report generation.

APPLICATION PROCEDURES: Apply online at Department of Health Application. (Current employees must use a transfer request form available on the intranet home page under forms). The KSAP's as outlined in the Evaluation Methods section should be addressed but are not required. For further information, call Tracy Watters at (918) 762-0307. The Department of Health is an Equal Opportunity Employer; however, Indian Preference will be applied in the case of equally qualified applicants.
