

Radiology Technician (PRN)

Department of Health

VACANCY ANNOUNCEMENT: VA 00-13

STARTING SALARY: Negotiable

CLOSING DATE: Open Until Filled

Muscogee Nation Department of Health (MCN Health) provides comprehensive health care services to Native Americans living within the Muscogee Nation. MCN Health is an integrated system of six health centers, an Express Care Clinic, three hospitals, a physical rehabilitation center and nine comprehensive community health programs. Offering services across the lifespan including pediatrics, family medicine, nursing, dental, laboratory, radiology, pharmacy, behavioral health, emergency medical, audiology, nutrition, physical therapy, and optometry.

DESCRIPTION OF ASSIGNMENT: The purpose of the position is to aid the Radiologist in performing specific Radiologic examinations and perform certain routine radiologic examinations as well assist fellow technologists, as described in the Radiology Department's Policies and Procedures. This position will be scheduled on a *pro re nata* basis meaning this position is utilized on an *as needed* basis.

REQUIREMENTS: High school diploma or equivalent. Incumbent must have successfully completed or be currently enrolled in an accredited radiology program or hospital-based program. One year (1) of relevant work experience as a Radiologic Technologist or Student Technologist preferred. Computed Tomography (CT) experience preferred. Completion or current enrollment in a radiologic technology program approved by the American Registry of Radiologic Technologists and must possess a Basic Life Support (BLS) Certification. Must complete/pass registry within six months from hire date. Failure to do so will result in release from employment.

EVALUATION METHODS: Applicants who meet the requirements described above will be evaluated to determine the extent to which they possess or have the potential to acquire knowledge, skills, abilities, and personal characteristics, (KSAP's) required of this position. Applicants should address the following KSAP's on a separate attachment to their application.

- Knowledge of the physics of Radiology, such as kilo voltage, milliamperes and time.
- Knowledge of human anatomy and physiology.
- Knowledge of methods, techniques, and quality control required for processing radiographic images with optimum results.
- Skills in obtaining adequate digital diagnostic X-Ray views on patients for which normal techniques and methods are not possible, requiring techniques which deviate from the normal.
- Ability to perform digital radiologic examinations in a variety of conditions, such as emergency trauma and also have the ability to manage patient care in trauma situations.
- Knowledge of common business, medical electronic health record and picture archiving and communication system (PACS) software applications.
- Ability to communicate courteously and effectively to patients, other staff, and the general public.

APPLICATION PROCEDURES: Apply online at Department of Health Application. (Current employees must use a transfer request form available on the intranet home page under forms). The KSAP's as outlined in the Evaluation Methods section should be addressed but are not required. For further information, call Tracy Watters at (918) 762-0307. The Department of Health is an Equal Opportunity Employer; however, Indian Preference will be applied in the case of equally qualified applicants.
