

MRI Technician - (PRN)

MCN Medical Center

VACANCY ANNOUNCEMENT: VA 00-20

STARTING SALARY: Negotiable

CLOSING DATE: Open Until Filled

Muscogee Nation Department of Health (MCN Health) provides comprehensive health care services to Native Americans living within the Muscogee Nation. MCN Health is an integrated system of six health centers, an Express Care Clinic, three hospitals, a physical rehabilitation center and nine comprehensive community health programs. Offering services across the lifespan including pediatrics, family medicine, nursing, dental, laboratory, radiology, pharmacy, behavioral health, emergency medical, audiology, nutrition, physical therapy, and optometry.

DESCRIPTION OF ASSIGNMENT: The primary purpose of the position is to perform all required Magnetic Resonance Imaging scanning procedures in accordance with established Radiological protocols. This position is located at the Muscogee (Creek) Nation Medical Center in Okmulgee, OK.

REQUIREMENTS: Completion of a formal radiological program from an accredited college or hospital-based program. (Refer to Licenses & Certifications below for certification criteria). Prefer two (2) years relevant experience as a Radiologic Technologist with at least one (1) year experience in a Magnetic Resonance Imaging department. ARRT Magnetic Resonance registry eligible status. CPR certification is required.

EVALUATION METHODS: Applicants who meet the requirements described above will be evaluated to determine the extent to which they possess or have the potential to acquire knowledge, skills, abilities, and personal characteristics, (KSAP's) required of this position. Applicants should address the following KSAP's on a separate attachment to their application.

- Knowledge of the physics of Radiology, such as kilo voltage, Ma, and Time as well as an understanding of Physics of Magnetics.
- Ability to perform basic and advanced MRI functions independently and with minimal supervision.
- Ability to provide accurate diagnostic images and related functions using MRI scanning techniques and equipment.
- Skill and knowledge required to identify disease abnormalities and physiological processes while performing MRI scans.
- Knowledge of methods, techniques and quality control required to accurately produce diagnostic images with optimum results.
- Skill in obtaining adequate diagnostic quality MRI scans on patients for which normal techniques and methods are not possible, requiring techniques which deviate from the normal.
- Ability to perform MRI examinations in a variety of conditions such as emergency trauma and have the ability to handle patients in trauma.
- Ability to communicate courteously and effectively to patients, other staff, and the general public both orally and in writing.

APPLICATION PROCEDURES: Apply online at Department of Health Application. (Current employees must use a transfer request form available on the intranet home page under forms). The KSAP's as outlined in the Evaluation Methods section should be addressed but are not required. For further information, call Tracy Watters at (918) 762-0307. The Department of Health is an Equal Opportunity Employer; however, Indian Preference will be applied in the case of equally qualified applicants.
